Re: *State of Oklahoma vs. Tyson Foods, Inc., et al.*
Northern District of Oklahoma Case No. 05-CV-329- GKF (SAJ)
Deposition of Bill Ray Anderson

Dear Ken:

Enclosed are various Subpoena's to growers within the Illinois River Watershed seeking the production of their properties for purposes of additional sampling of waste and soil consistent with the protocols previously adopted by the Court and performed by the state of Oklahoma in 2006. I need to know from you as soon as possible whether you, as you have in the past, continue to accept service on behalf of these growers. If not, I will proceed with personal service on each of them.

As always I will work with them with regard to timing of the sampling. However, we are under significant time constraints in order to complete this work and need to have all of these samplings completed within the next 30 to 40 days.

Please contact me as soon as possible to discuss this so that we can arrange for these sampling events to occur promptly and efficiently as possible. Thank you again for your cooperation.

Very truly yours,

Richard T. Garren

Rule 45. Subpoena

(c) Protection of Persons Subject to Subpoenas.

(1) A party or an attorney responsible for the issuance and service of a subpoena shall take reasonable steps to avoid imposing undue burden or expense on a person subject to that subpoena. The court on behalf of which the subpoena was issued shall enforce this duty and impose upon the party or attorney in breach of this duty an appropriate sanction, which may include, but is not limited to, lost earnings and a reasonable attorney's fee.

(2) (A) A person commanded to produce and permit inspection and copying of designated books, papers, documents or tangible things, or inspection of premises need not appear in person at the place of production or inspection unless commanded to appear for deposition, hearing or trial.

(B) Subject to paragraph (d)(2) of this rule, a person commanded to produce and permit inspection and copying may, within 14 days after service of the subpoena or before the time specified for compliance if such time is less than 14 days after service, serve upon the party or attorney designated in the subpoena written objection to inspection or copying of any or all of the designated materials or of the premises. If objection is made, the party serving the subpoena shall not be entitled to inspect and copy the materials or inspect the premises except pursuant to an order of the court by which the subpoena was issued. If objection has been made, the party serving the subpoena may, upon notice to the person commanded to produce, move at any time for an order to compel the production. Such an order to compel production shall protect any person who is not a party or an officer of a party from significant expense resulting from the inspection and copying commanded.

(3) (A) On timely motion, the court by which a subpoena was issued shall quash or modify the subpoena if it

(i) fails to allow reasonable time for compliance;

(ii) requires a person who is not a party or an officer of a party to travel to a place more than 100 miles from the place where that person resides, is employed or regularly transacts business in person, except that, subject to the provisions of clause (c)(3)(B)(iii) of this rule, such a person may in order to attend trial be commanded to travel from any such place within the state in which the trial is held, or

(iii) requires disclosure of privileged or other protected matter and no exception or waiver applies, or

(iv) subjects a person to undue burden.

(B) If a subpoena

(i) requires disclosure of a trade secret or other confidential research, development, or commercial information, or

(ii) requires disclosure of an unretained expert's opinion or information not describing specific events or occurrences in dispute and resulting from the expert's study made not at the request of any party, or

(iii) requires a person who is not a party or an officer of a party to incur substantial expense to travel more than 100 miles to attend trial, the court may, to protect a person subject to or affected by the subpoena, quash or modify the subpoena or, if the party in whose behalf the subpoena is issued shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship and assures that the person to whom the subpoena is addressed will be reasonably compensated, the court may order appearance or production only upon specified conditions.

(d) Duties in Responding to Subpoena.

(1)(A) A person responding to a subpoena to produce documents shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the demand.

(1)(B) If a subpoena does not specify the form or forms for producing electronically stored information, a person responding to a subpoena must produce the information in a form or forms in which the person ordinarily maintains it or in a form or forms that are reasonably usable.

(1)(C) A person responding to a subpoena need not produce the same electronically stored information in more than one form.

(1)(D) A person responding to a subpoena need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or to quash, the person from whom discovery is sought must show that the information sought is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) (A) When information subject to a subpoena is withheld on a claim that it is privileged or subject to protection as trial preparation materials, the claim shall be made expressly and shall be supported by a description of the nature of the documents, communications, or things not produced that is sufficient to enable the demanding party to contest the claim.

“SUBPOENA – EXHIBIT A”

Waste Samples from Productions Facilities (Poultry Houses)

A total of 18 samples of waste will be collected from each house sampled. The samples will be collected at regular intervals covering the total length of the facility using a zigzag pattern. Both litter and cake samples will be collected. A steel spade will be used to collect the samples and place them in a plastic bag contained inside a 5 gallon bucket. After collection of all the samples, the bag and bucket will be sealed. All sampling equipment and reusable personnel equipment will be decontaminated using water, phosphate free soap and 6 percent bleach.

Soil Samples from Waste Applied Fields

Equipment and personnel will be transported to the field in a truck or van. At each field between one and four sampling areas will be identified. Each of the sampling areas will be between one and ten acres in size. At each sampling area, a regular grid pattern of 20 sample locations will be established. At each of the 20 sampling locations, individual soil samples will be collected at three depths: 0 to 2 inches, 2 to 4 inches, and 4 to 6 inches. Individual samples will be placed in plastic bags with labels. All sampling equipment and reusable personnel equipment will be decontaminated between fields using water, phosphate free soap and 6 percent bleach.

Protocols

Sampling protocols will be conducted in accordance with the Court’s Order of May 17, 2006 (Dkt. #757).

Rule 45. Subpoena

(c) Protection of Persons Subject to Subpoenas.

(1) A party or an attorney responsible for the issuance and service of a subpoena shall take reasonable steps to avoid imposing undue burden or expense on a person subject to that subpoena. The court on behalf of which the subpoena was issued shall enforce this duty and impose upon the party or attorney in breach of this duty an appropriate sanction, which may include, but is not limited to, lost earnings and a reasonable attorney's fee.

(2) (A) A person commanded to produce and permit inspection and copying of designated books, papers, documents or tangible things, or inspection of premises need not appear in person at the place of production or inspection unless commanded to appear for deposition, hearing or trial.

(B) Subject to paragraph (d)(2) of this rule, a person commanded to produce and permit inspection and copying may, within 14 days after service of the subpoena or before the time specified for compliance if such time is less than 14 days after service, serve upon the party or attorney designated in the subpoena written objection to inspection or copying of any or all of the designated materials or of the premises. If objection is made, the party serving the subpoena shall not be entitled to inspect and copy the materials or inspect the premises except pursuant to an order of the court by which the subpoena was issued. If objection has been made, the party serving the subpoena may, upon notice to the person commanded to produce, move at any time for an order to compel the production. Such an order to compel production shall protect any person who is not a party or an officer of a party from significant expense resulting from the inspection and copying commanded.

(3) (A) On timely motion, the court by which a subpoena was issued shall quash or modify the subpoena if it

(i) fails to allow reasonable time for compliance;

(ii) requires a person who is not a party or an officer of a party to travel to a place more than 100 miles from the place where that person resides, is employed or regularly transacts business in person, except that, subject to the provisions of clause (c)(3)(B)(iii) of this rule, such a person may in order to attend trial be commanded to travel from any such place within the state in which the trial is held, or

(iii) requires disclosure of privileged or other protected matter and no exception or waiver applies, or

(iv) subjects a person to undue burden.

(B) If a subpoena

(i) requires disclosure of a trade secret or other confidential research, development, or commercial information, or

(ii) requires disclosure of an unretained expert's opinion or information not describing specific events or occurrences in dispute and resulting from the expert's study made not at the request of any party, or

(iii) requires a person who is not a party or an officer of a party to incur substantial expense to travel more than 100 miles to attend trial, the court may, to protect a person subject to or affected by the subpoena, quash or modify the subpoena or, if the party in whose behalf the subpoena is issued shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship and assures that the person to whom the subpoena is addressed will be reasonably compensated, the court may order appearance or production only upon specified conditions.

(d) Duties in Responding to Subpoena.

(1)(A) A person responding to a subpoena to produce documents shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the demand.

(1)(B) If a subpoena does not specify the form or forms for producing electronically stored information, a person responding to a subpoena must produce the information in a form or forms in which the person ordinarily maintains it or in a form or forms that are reasonably usable.

(1)(C) A person responding to a subpoena need not produce the same electronically stored information in more than one form.

(1)(D) A person responding to a subpoena need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or to quash, the person from whom discovery is sought must show that the information sought is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) (A) When information subject to a subpoena is withheld on a claim that it is privileged or subject to protection as trial preparation materials, the claim shall be made expressly and shall be supported by a description of the nature of the documents, communications, or things not produced that is sufficient to enable the demanding party to contest the claim.

“SUBPOENA – EXHIBIT A”

Waste Samples from Productions Facilities (Poultry Houses)

A total of 18 samples of waste will be collected from each house sampled. The samples will be collected at regular intervals covering the total length of the facility using a zigzag pattern. Both litter and cake samples will be collected. A steel spade will be used to collect the samples and place them in a plastic bag contained inside a 5 gallon bucket. After collection of all the samples, the bag and bucket will be sealed. All sampling equipment and reusable personnel equipment will be decontaminated using water, phosphate free soap and 6 percent bleach.

Soil Samples from Waste Applied Fields

Equipment and personnel will be transported to the field in a truck or van. At each field between one and four sampling areas will be identified. Each of the sampling areas will be between one and ten acres in size. At each sampling area, a regular grid pattern of 20 sample locations will be established. At each of the 20 sampling locations, individual soil samples will be collected at three depths: 0 to 2 inches, 2 to 4 inches, and 4 to 6 inches. Individual samples will be placed in plastic bags with labels. All sampling equipment and reusable personnel equipment will be decontaminated between fields using water, phosphate free soap and 6 percent bleach.

Protocols

Sampling protocols will be conducted in accordance with the Court’s Order of May 17, 2006 (Dkt. #757).
